He was a master storyteller. He always had funny stories to tell us he loved making people laugh. Always in good spirit and willing to help anyone who needed help. I had the opportunity of working with him for a little bit at Milano Motors and I was amaze at his mechanical inclinations. He was extremely smart, and I had the opportunity witness his genius in mechanical innovations. Very street smart. I learn a lot from him but most importantly I learn how to be a man of good character. I have always been very grateful to him for being my mom's best little brother always looking out for her and his other sisters. Rest in peace Tio I will always carry you in my heart. Always!

Tio Roberto or how I used to call him Rubber toe. I will always have the special piece in my heart saved for you. I always had nothing but smiles when I was around you. Your jokes were always so funny you had so many. The famous line that I'll never forget (Santa Claus is coming to town). I laughed so much that day. Tio may God embrace you in his arms and show you the eternal life of happiness and love. You will always be in my heart. Liyen

Always a funny guy. Loved his arroz frito. I know him since he married Lucia and I was the flower girl. He was very helpful to my family when we came to America and good friend of my parents. We loved this guy. It gave me joy that he accepted Jesus in his heart years back so he is enjoying heaven.

I met my uncle when I came from Cuba. When he left to usa I was still a baby. He was a very dear person and always helped his family specially his sisters. I'm pretty sure he's now resting in a very beautiful place in heaven together with our Grandmother. He will be missed tremendously. May he rest in peace. Love you mi Tio. ♥
